# L.V. Rogers Secondary School Legacy Fund

The **L.V. Rogers Secondary School Legacy Fund** is a permanent endowment for the benefit of current and future LVR students. Donations to the fund are never spent, but each year's earnings from the fund flow back to the school. *By contributing to this fund, you leave a lasting legacy to LVR.*

Are you attending an LVR class reunion? On the grad committee? Perhaps you are an LVR alumnus, or simply someone who wants to support the school. We encourage you to consider donating to this fund. Charitable tax receipts will be issued.

The fund has been established through the local Osprey Community Foundation, which manages many other permanently-endowed funds for the benefit of area residents.

**What the money will accomplish:** Annual earnings from the fund will be disbursed to L. V. Rogers Secondary School for two purposes.

- **Supporting students:** One portion of the income will be used by the school administration to provide support to vulnerable or financially-disadvantaged students. This support could include, but is not limited to, assistance with the cost of student activities, hot lunches, bursaries, etc.
- **Encouraging philanthropy:** The rest of the income will be used to form a pool of money that students from the Grade 12 graduating class will be able to grant to worthy community initiatives as selected by the students themselves. The process by which students review and select grant recipients is left to the discretion of the school administration, however the intent is to seed the idea that graduation is an opportunity for students to 'give back' and leave a legacy to the community that has supported them. The school administration has discretion over the proportion of any one year's income from the Fund that shall be designated to each of these two purposes.
